We witness urban development and hail from a recently developed city thane, we realize that from the urban pallatte the green color is slowly vanishing. KCCEMSR took an initiative to become ecofriendly. The first step was to raise awareness about environmental issues and inspire students and neighborhood to adapt healthy lifestyles and safe practices to keep our city and in turn our planet healthy. The activities were taken as initiatives by the college and we are very proud to share our escalating deeds in Eco club.
