Notice

11/9/2022

It is hereby informed to all the staff members that this Navratri, to grace the occasion, we are celebrating with all the colors. Please follow the color code given below throughout the nine days.

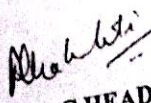

On 30<sup>th</sup> September each faculty is requested to wear the traditional clothes of their state or community. India has diverse clothing styles and varieties dependent upon the different ethnicities, geography, climate and cultural traditions of the people of each region. The clothing in India also encompasses the wide variety of Indian embroidery, prints, handwork, embellishment, styles of wearing clothes which is perishing due to fast pace of life, migration and lack of awareness. This Navratri as we celebrate the diverse power of Goddess Durga, we as an educational Institute also bring to our responsibility of being proud and creating awareness about the rich diversity.

On 1<sup>st</sup> Oct, we are celebrating Dandiya followed by that day's color code.

Note: Everyday Photo shoot with color code to be followed, so staff needs to gather near the staircase of the entrance area at sharp 10:15 am. All photos will be further given for publishing in the press.

Report on Human Values Session for First-Year Engineering Students on the Topic of "What is Happiness?"

On 3 May 2023, a human values session was conducted by KC College Of Engineering for first-year engineering students on the topic of "What is Happiness?" The session aimed to help students reflect on the concept of happiness and gain a deeper understanding of its meaning, as well as explore the relationship between happiness, money, and self-awareness.

Objectives:

- To help students reflect on their understanding of happiness and its meaning in their lives
- To challenge the common belief that money is the key to happiness
- To explore the importance of self-awareness in achieving happiness

Methodology:

The session was conducted by Dr. Puja Rai Pradhan (COO and an expert in UHV sessions), who began by introducing the topic and asking students to share their thoughts on what happiness means to them. This was followed by a discussion on the role of money in happiness, and how after a point money just becomes a piece of paper and does not contribute to happiness. Then, the students were made aware of the International Day of Happiness which is observed on March 20, and how being happy and mindful leads to more peace in the world and overall, a more calm and solemn place for humans to live.

The session then shifted towards the importance of self-awareness in achieving happiness. The facilitator presented various exercises and techniques that students could use to become more self-aware, such as mindfulness and self-reflection. Students were told the importance of meditation and exercise and how it positively affects the brain. The four ashrams (Bharmacharya, Grahastra, Vanaprastha, Sannyasa) were discussed with students, and then an interactive session was conducted on what they learned from the UHV session.

Outcomes:

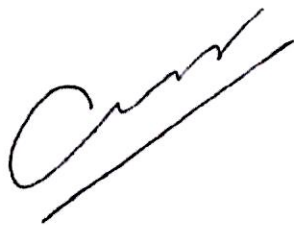

The human values session was well-received by the first-year engineering students, who found it to be informative and engaging. Through the session, students were able to gain a deeper understanding of the meaning of happiness, and the difference between materialistic happiness, borrowed desires and real inner peace. Additionally, the exercises and techniques presented in the session helped students to become more self-aware and reflective, which they felt would be beneficial not only for their personal lives, but also for their academic and professional careers.

Conclusion:

  
Dr. Vilas N. Nithaware  
Principal  
K.C. College of Engineering &  
Management Studies & Research

Overall, the human values session on the topic of "What is Happiness?" was a valuable learning experience for the first-year engineering students at KC College of Engineering. It provided them with a space to reflect on their understanding of happiness, and to explore the importance of self-awareness in achieving it.

Report on Human Values Session for First-Year Engineering Students on the Topic of "What is Happiness"?

On 3 May 2023, a human values session was conducted by KC College Of Engineering for first-year engineering students on the topic of "What is Happiness?" The session aimed to help students reflect on the concept of happiness and gain a deeper understanding of its meaning, as well as explore the relationship between happiness, money, and self-awareness.

Objectives:

- To help students reflect on their understanding of happiness and its meaning in their lives
- To challenge the common belief that money is the key to happiness
- To explore the importance of self-awareness in achieving happiness

Methodology:

The session was conducted by Dr. Puja Rai Pradhan (COO and an expert in UHV sessions), who began by introducing the topic and asking students to share their thoughts on what happiness means to them. This was followed by a discussion on the role of money in happiness, and how after a point money just becomes a piece of paper and does not contribute to happiness. Then, the students were made aware of the International Day of Happiness which is observed on March 20, and how being happy and mindful leads to more peace in the world and overall, a more calm and solemn place for humans to live.

The session then shifted towards the importance of self-awareness in achieving happiness. The facilitator presented various exercises and techniques that students could use to become more self-aware, such as mindfulness and self-reflection. Students were told the importance of meditation and exercise and how it positively affects the brain. The four ashrams (Bharmacharya, Grahastra, Vanaprastha, Sannyasa) were discussed with students, and then an interactive session was conducted on what they learned from the UHV session.

Outcomes:

The human values session was well-received by the first-year engineering students, who found it to be informative and engaging. Through the session, students were able to gain a deeper understanding of the meaning of happiness, and the difference between materialistic happiness, borrowed desires and real inner peace. Additionally, the exercises and techniques presented in the session helped students to become more self-aware and reflective, which they felt would be beneficial not only for their personal lives, but also for their academic and professional careers.

Conclusion:

**Dr. Vilas N. Nitnaware**  
Principal  
K.C. College of Engineering &  
Management Studies & Research

Overall, the human values session on the topic of "What is Happiness?" was a valuable learning experience for the first-year engineering students at KC College of Engineering. It provided them with a space to reflect on their understanding of happiness, and to explore the importance of self-awareness in achieving it.

**Report of Art And Craft Exhibition on 10th March 2023**

On 10th March 2022, a vibrant Art and Craft Exhibition was organized by the professors of KC College of Engineering and Management Studies, Thane. The exhibition aimed to showcase various traditional artifacts and crafts, with a special emphasis on Bengali sarees and different traditional dressing items for ladies. The event was a resounding success, drawing a large number of attendees who were captivated by the exquisite collection.

The exhibition featured a diverse range of Bengali sarees, each intricately designed with vibrant colors and patterns. Alongside sarees, the display also included an assortment of traditional dressing items for ladies, representing the rich cultural heritage of India. Visitors were enthralled by the intricate craftsmanship and attention to detail in these traditional pieces, and many individuals found themselves irresistibly drawn to making purchases.

To enhance the experience, a section of the exhibition was dedicated to offering a variety of juices at reasonable prices. This provided a refreshing respite for visitors as they explored the exhibition and made their choices. The availability of these beverages added to the overall enjoyment of the event, creating a pleasant atmosphere for everyone in attendance. Furthermore, the organizers had set up a feedback corner where both students and visitors could share their thoughts and suggestions about the exhibition.

**A Report on Lohri Celebration on 13<sup>th</sup> January 2023.**

Lohri- the festival which offers a panorama of our culture was celebrated with zeal and enthusiasm by NSS Unit of K.C. College of Engineering Management Studies and Research in College, on Friday, January 13<sup>th</sup> 2023. The Students, Faculty all were immersed in the festive spirit. Everyone gathered in their festive attires looking best for the occasion. A key symbol of Lohri is the bonfire. Lighting of the fire has been common in winter festivals throughout time and to the world it signifies the return of longer days. So, the celebration started by lighting a bonfire and 'Lohri Puja' was performed by Principal Dr. Vilas Nitnaware. Dr. Harssh Khanna, the Chairperson of the institute greeted the students and faculty present on the eve of the festival and stressed on the value of the culture. Around 15 active NSS Volunteers were present along with Nss Program Officer Prof. Pratap Nair Sir for the celebration. Everyone worshipped 'Dhooni' and groundnuts and sweets were also distributed among the students. After Poojan, everyone danced and sang around the bonfire. The Event was celebrated with equal enthusiasm by everyone.

### **5] Team Decor:**

- **Rtr Anupam & Rtr Akshita Nair** were the heads of the department for **Team Decoration**.
- The preparation started off with online meetings discussing how we should decorate our seminar hall. After multiple discussions, the team came to the conclusion of decorating our seminar hall with artificial clouds with a theme behind it of '**Sky's the limit**'. After which the workload was divided between both heads. Team decoration focused on using waste materials or at least previously used materials for the decoration to make it more unique. They purchased cardboard, waste paper & Cotton from a junk dealer near our college.
- Once all the required materials were ready, team decoration started its journey from **27th of March 2023** by exploring market streets of thane & wholesale market of. Members were divided into two teams A & B which were led by **Rtr Anupam Kolwadkar & Rtr Akshita Nair** respectively.
- Team A with 10 members in it first made cutouts for #NTT blocks and then proceeds further to make the artificial clouds by using cotton and led lights. The implementation of led lights & cotton on seminar hall walls was the toughest part which took 2 whole days.
- On the other hand, Team B with 6 members started preparing the 'photo booth' which was placed outside the seminar hall so that the audience & guests could take pictures in front of it. We decorated the Photo Booth which said 'I have contributed to the cause.
- The entrance of the seminar hall was decorated with golden shimmers. On the day of the event, the team decor reported to the venue early in the morning and cleaned the seminar hall. They made sure that each and every chair was cleaned and was in proper condition to use.
- The table with the Saraswati Goddess's idol was decorated with flowers and candles just before the event. Rtr Rashi Mall was the pcp who had to look after Team Decor and she took daily updates from Rtr Anupam and Rtr Akshita Nair.
- The total expense for decoration was below INR 4000/- which was the target given to this department.

- Every year this event is hosted for a cause and with a theme.
- The cause for NEXT Think Tank 2023 was limb donation.
- The theme chosen for the event was "IT BEGINS WITH US" which implied "IT WILL START WITH US IF WE WILL START WE CAN MAKE IT TOGETHER".
- The speakers were talking about the same.
- Curator - Rtr. Rashi Sharma looked after all the necessities for the event. She divided the whole RC KCCOE into 9 departments of the organizing committee and made WhatsApp Groups for the same for easy and convenient functioning.
- The 9 Departments did their work and gave daily updates of their work at the end of the day on Google Meet.
- Rtr. Rashi Sharma took the responsibility to contact guest speakers and panelists for the event via mail.
- She mailed over 500 celebrities and renowned personalities and from those who had found the event interesting and reverted back the best four were chosen as guest speakers.
- For the panel discussion, a few highly designated and knowledgeable individuals were approached amongst which three were chosen to enlighten people by sharing their opinion and views about the topic.

### The event flow was as follows:

- The event started with the MOC welcoming everyone to the mega event NEXT THINK TANK which was followed by the President - Rtr. Divya Nile called the event to order.
- The MOC greeted all the attendees politely and explained the theme and cause briefly to everyone.
- The hosts then thanked the sponsors for the event who were as follows:
  - Education Sponsor - Collegepond ([Links:https://www.brightwayz.in/](https://www.brightwayz.in/))
  - MediaPartner - Ensemble ([Link:https://www.instagram.com/ensemble\\_official](https://www.instagram.com/ensemble_official))
  - Gifting Partner - Wagtail ([Links:http://www.wagtailpencils.com/](http://www.wagtailpencils.com/))
- The hosts started the introduction of the **First Speaker - CHETAN TAMBE** and welcomed him with a kind and mind-blowing introduction.
- Mr. Tambe further started with his speech wherein he mentioned his college life and mentioned about his overall journey as a skipper. He also shared some stories about his journey and other stories about his initial struggle days during his speech.
- After his speech, he was thanked by team RC KCCOE for delivering a motivating and passion-driven speech.
- Further, the hosts got the audience acquainted with the **Second Speaker** for the day - **Mr. ARJUN DESHPANDE**
- Mr. Arjun talked about his initial struggling days and how he came up with the idea of a generic aadhaar. Later he shared how she got motivated to become a model, an actress, and a strong woman which

- inspired everyone to follow their passion.
- He also shared that he always believed in himself and how to be independent to face all the problems in our lives.
  - After the speech, the MOC warmly expressed gratitude to Mr. Arjun Deshpande for delivering such an outstanding speech.
  - After all the above things the Panel Discussion took place:
    - Highlights of the Panel Discussion:
      - Blind faith and superstition in India.
      - The concept of paying money to get of your sins
      - Rise of kingdoms and power-centric societies to promote religion
      - Religion is a way of life and following a certain set of values to attain spirituality.
      - The meaning of certain things applied to the body in some religions and philosophical books.
      - How religion was and how religion is in the present day and blind faith does exist.
      - Religion nowadays has a monetary value for the faith of people.
      - Religious Tourism is providing livelihood to people.
      - People don't know where to draw the line when it comes to religion
      - Religion and business are connected in so many ways not only blind faith but also festivals and more.
      - Partially following a religion doesn't count and is considered illogical in India
      - Health and religion go hand in hand in India and it is the commercialization of religion.
      - We are attached to individual religions and sometimes just divided because of it.
      - Religious places do take off baggage and give out positivity.
      - Religion is a planned business but not a good model.
      - The amount of donations that shrines receive is insane and not monitored at all
      - Religious tourism is elderly-centric.
      - Till the human mind is there, religion and the quest to know the unknown will be there.
      - Religious commercialization is not forced; it is a choice.
      - Religion cannot be compartmented.
      - There are more things to be properly commercialized rather than religion.
      - Religion is helping us grow as a community.
      - We should put logic in each and everything we do.
  - The hosts then gave a brief introduction of the **Third Speaker - Suyash Jadhav.**
  - Mr. Suyash Jadhav talked about his childhood and how things changed when he was in class 6, and how he accidentally came in contact with a rogue wire leading to electrocution and severe burns. He was subsequently admitted to a hospital where the doctors had to amputate both his hands. However, he did not allow this incident to disable his dreams of following in his father's footsteps who was a National-level Swimmer. "I am glad that my disability has given me the opportunity to compete at the highest level. In fact, the disability had turned my life for the better," was his optimistic words during

- the event.
- After this, the MOC warmly expressed gratitude to Mr.Suyash Jadhav for delivering an inspiring speech.
  - The **Fourth Speaker** for the day **Yuvika Abrol** was introduced by the host.
  - Mrs. Yuvika Abrol talked about her journey of how she became a content creator, and she also managed to successfully lead a wedding planning company. Every mother knows the number of responsibilities they get when their child is born, despite the responsibilities she managed to make her dream out of, her daughter's birth introduced her to social media.
  - She bought a camera to capture her child's pictures, but that clicked her instincts, and she started making and posting videos with her daughter.
  - The MOC later expressed gratitude towards Mrs. Yuvika Abrol for delivering such a passionate and inspiring speech.
  - The host then thanked all the speakers, college dignitaries, sponsors, and Project Chairpersons for the event.
  - **President-Elect -Rtr. Shrikant Sabbani** gave a heartfelt vote of thanks, followed by **Secretary -Rtr. Mateen Qureshi** making the **secretarial announcement**.
  - Feedback form was provided to the audience via WhatsApp and it was humbly requested by the PCP to fill the same.
  - **President - Rtr.Divya Nile** spoke a few words on the event and thanked everyone for the event and finally adjourned the mega event of ROCK CCOE - NEXT THINK TANK at 02:00 pm.
