Academic year: 2020-21(Odd Semester)

A)

Sr. No	Name of the Event	Suggestions	Plan of Action	Action Taken
1	Student Feedback on Syllabus Review	Not able to Understand the clear implementation of subject experiments	More interactive sessions will be planned in 2021-22 to bridge the gap between theory & Practical	Practical session includes interaction session for all experiments
2		Need better management of syllabus and more practical application of studied content rather than constantly filling of assignment sheets	More innovative rather than subjective assignment will be given in AY 2021-22	Innovative assignment along with activity was given
3		Practical sessions should be more interactive	Will plan more interactive & innovative practical session in AY 2021-22	Innovative experiment was given with interactive session during practical
		More practical approach needed while teaching		
4	Want more practical knowledge rather than theory	There are only 2 assignments & that need to be more innovative, Proper scheduling of Assignment will be planned & review will be taken from 2021-22 onwards.	Innovative assignments were given with proper timeline. Mini project as separate subject is included	
	Don't give too much assignment and journal of all subjects at a time because assignment and journal are too many and submission time is less so please look after it and think about us			
		Teachers assign the work and submissions assignment, activities, project at last moment. We have other works also sometimes internet doesn't work properly so we are not able to complete the assignment, manuals, etc. they should give one assignment each day or maybe two but they put all the work load on the students and expects to complete it before. Due to this online lecture, we didn't understand much still trying to figure out the things. If this suggestion gets attention, it might be great for the students		

Excelsior Education Society's  
**K.C. College of Engineering and Management Studies and Research**

 MithBunder Road, Near Hume Pipe, Kopri, Thane (E)-400603

**Department of Electronics and Telecommunication**

	It would be better if we could increase mini project count in syllabus instead of 5-10 assignments per subjects. I didn't see any growth while writing bunch of lines to get few marks.		
5	College lectures are better than online lectures because in online there are some queries regarding a topic that we can't understand through this online lecture.	When Government will allow, will plan for offline lectures	As per the government and university guidelines, the college will follow the norms.
	Semester 7 should be online		
	offline lectures are better always.		
6	Turn to offline classes getting bored at home	Will plan more content beyond syllabus topics in the subjects in 2021-22	content beyond syllabus topics were given
	Need more applications-based studies		
	Expecting to use more informative content for the elective subject (big data Analytics)		
7	Should try to cover applications relevant to subject in depth	Will plan more interactive & modified (according to requirement) practical session in AY 2021-22	Practical session were included with interaction session for all experiments
	Hands on approach		
	Practical knowledge should be more proper and effective		
8	Apply acquired skills	Will plan more interactive practical session in AY 2021-22	Workshops on latex were arrange for enhancing students skills
	Please update previous semester syllabus. Teach more about new and latest processors and less about 20-year-old processors		
9		Syllabus upgradation is due

Academic year: 2020-21(Odd Semester)

Sr. No	Name of the Event	Suggestions	Plan of Action	Action Taken in Even Sem
1	Parents Teacher Meet	Make students involvement in sports activities following the covid norms	Will be planned if the government circular and guidelines are received	Due to Covid Pandemic the plan could not get executed but definitely in future the things will be planned if the government gives permission
		Switch to offline mode of teaching.	Will be planned if the government circular and guidelines are received	
		One request to keep parent meeting once in a month.	More PTM sessions or interactions with parents as per the academic calendar availability	Mentors were told to interact more with parents as when required through calls or WhatsApp
		More industrial visits and events should be done.	Already industrial visits are planned every semester. This time because of COVID it was not planned.	<ol style="list-style-type: none"> <li>1. Communication with Industrial Concern authorities was done for any online visit possible. (call/whatsapp)</li> <li>2. Few offline internship opportunities were provided as per norms.</li> </ol>

## Department of Electronics and Telecommunication

Academic year: 2020-21(Even Semester)

Sr. No	Name of the Event	Suggestions	Plan of Action	Action Taken
1	Student Feedback on Syllabus Review	Syllabus should include applications based knowledge	Mini project is included as separate subject	R-2019 Syllabus includes a separate subject as Mini Project
2		For mini project, being a DSE admission it was a lot of stress to complete 2 mini projects for each semester in 2nd year, would suggest some changes to be made so the students get enough time.	Due to late admission in Semester 3 for DSE students, the classes were in parallel for Semester 3 & Sem 4. Both the Semester 3 & Sem 4 have miniproject in the syllabus so we allowed the students to do simulation of Miniproject in Semester and then hardware of the same in Semester	DSE admission dates are given by DTE and University decides the examination dates
3		Want to gain more industrial knowledge	Targeted Industrial Visits will be planned after lockdown in 2021-22	If permission is given by university then it can be done
		Online Teaching Learning process is good. More Practical, in-depth Industrial insights will be helpful		
4		Offline mode to be conducted at the earliest.	When Government will allow, will plan for offline lectures	
5	Take more efforts in learning a student's traits	More effective understanding of students will be done	Interaction with students whenever possible through online mode is done (Mentor meeting/Class lectures)

## Department of Electronics and Telecommunication

6	More attention must be given to practicals and project based learning	The curriculum is being focused towards PBL ,will take time to be thoroughly implemented into the system as syllabus also needs to be followed	With R 2019 syllabus the content has been restructured and updating
7	Need syllabus as per newer standards!	Syllabus upgradation is due

1	Alumni Feedback	1. Keep it up with such events. As per my experience, final year project plays very important role when we start our carrier. Expecting more students to participate with 100 percent study. Internal teachers can ask all possible questions from student and make them ready for such events.	Two internal project presentation can be arranged where internal faculties guide the students for such events.	We will take care in the academic year
		2. Communication and Presentation Skills including the PPT's made need to be improvised by Students.	More practice of presentation of project work can be taken by guide or supervisor	
		3. In US, I am currently working on AWS and DevOps. Also getting into Terraform. These are domains in which your students should be trained and getting into as it has huge job potential.	More students can motivate to do internships

DEPARTMENT OF HUMANITIES AND APPLIED SCIENCES

ACTION TO BE TAKEN – SEM I (2020-21)

STUDENT SYLLABUS REVIEW

Did you find the subjects studies in the last semester relevant to contemporary requirements?( Industry, Entrepreneurs etc).	The role of first year is to strengthen basics of engineering knowledge. More exposure will be given in higher semester according to syllabus pattern of university of Mumbai.
Are you satisfied with content coverage of courses?	
Was the practical knowledge gained in course helpful to build mini project/major project?	
Are you able to apply acquired skills of previous semester for current semester subjects?	
How you find courses applicable/relevant to industry?

DEPARTMENT OF HUMANITIES AND APPLIED SCIENCES

ACTION TO BE TAKEN – SEM II (2020-21)

STUDENT SYLLABUS REVIEW

Did you find the subjects studies in the last semester relevant to contemporary requirements?( Industry, Entrepreneurs etc).	The role of first year is to strengthen basics of engineering knowledge. More exposure will be given in higher semester according to syllabus pattern of university of Mumbai.
Are you satisfied with content coverage of courses?	
Was the practical knowledge gained in course helpful to build mini project/major project?	
Are you able to apply acquired skills of previous semester for current semester subjects?	
How you find courses applicable/relevant to industry?

Faculty Feedback on Facilities

The campus is green and Eco-friendly	Feedback analysis have been shared with Principal for appropriate Action ✓
The college encourages faculty to organize Seminars/Workshop/FDPs/Conference	
The faculty is supported with adequate learning resources	
The IQAC is working well for promoting quality in the institution	
The physical infrastructure of the college Library	
The prescribed books / reading materials are available in the library	
The office staff in the college is cooperative and helpful	
The functioning of the placement cell in the college is satisfactory	
Toilets / washrooms are clean and properly maintained	
The class rooms and staff room are adequate	
Internet facility provided is satisfactory	
The labs are adequately equipped	
The faculty is given freedom to express their opinions

Action Taken Report of Parents Teacher Meeting

Sr. No.	Suggestions given by Parents	Action Taken
1	Whatsapp messages should be send to the parents regarding class test and important achievements. (DIV B1)	All important information is forwarded to parents by e-mails.
2	The college will provide necessary things like teaching new skills and programming for good job opportunity. (DIV B1)	A 10 days camp of MSME is going to be organized for exposure in the fields of entrepreneurship.
3	To create a whatsapp group for PTA.(DIV B2)	The official message for PTA will be forwarded as usual practice for future (e mail).
4	Very good college.(DIV B2)	Noted
5	Satisfied with the college .(DIV B3)	Noted
6	Sports should be added for students to refresh them form regular studies. (DIV B3)	The physical activity slot was already assigned in time table of SEM I 2019-20.
7	College should forward message about students exam marks or about attendance.(DIV B3)	This suggestion will be applied for SEM II.
8	For requirement of books. (DIV B3)	Syllabus for 2019-20 has been changed so new books requirement for SEM I will be given in month of May -June.
9	The journals should be provided from the college. (DIV C3)	Informed to CDC head.
10	Problem in class room studies. (DIV C3)	Mentoring session from professional counselor was organized for time management and stress related issue.
11	To provide answers for numerical in question bank.(DIV D1)	Conveyed to all faculty member.
12	Cleaning of washrooms. (DIV D2)	Informed to cleaning incharge.
13	Regarding college timing. (DIV D2)	Informed to principal.
