A Report on Beach Cleanup

Clean beaches are essential to healthy coastal habitats and the well being of people who visit them. So, NSS Unit of K.C. College of Engineering Management Studies and Research participated in a beach clean up event at Prabhadevi beach, on 26/7/2018. The event commenced at 9.30 am with instructions given to the volunteers. Around 31 active NSS Volunteers went in for cleaning a portion of Prabhadevi beach, ridding it from all the garbage that had washed up on the shore. The experiences at these clean-ups have a significant impact on the volunteers allowing them to open their eyes to a new perspective. This led to a successful and rewarding cleanup.

A report on Pledge On Non-Violence on October 1, 2018.

Mohandas Karamchand Gandhi was born on 2 October 1869 in Porbandar, western India. In September 1906 he led his fellow Indians in a **nonviolent protest** against the policemen who wanted to keep a file on every one of them and he was put in jail for seven years. He supported peace for armies during both World Wars & was against the independence of Pakistan from India and wanted Indian religious communities (Hindu and Muslim) to coexist peacefully. Following his footprints the NSS VOLUNTEER took **NON-VIOLENCE PLEDGE**.

35 volunteers and teachers took pledge to follow on his path .the pledge taken by the volunteers of NSS was

"We, the people of India, having abiding faith in our country's tradition ,of non-violence and tolerance, hereby solemnly affirm to oppose with our strength, all forms of terrorism and violence. We pledge to uphold and promote peace, social harmony, and understanding among all fellow human beings and fight the forces of disruption threatening human lives and values."

NSS and the common public which lead to bring out a change in attitude and a whole lot of information about almost everything regarding the work and foot print of **Mohandas Karamchand Gandhi(Father of our Nation)**, thus helping us to dive into social wellbeing without holding any fear, any further.

**A Report on Street Play & Poster Making Competition on Blood Donation on
September 27, 2018.**

A blood donation occurs when a person voluntarily has blood drawn and used for transfusions and/or made into biopharmaceutical medications by a process called fractionation (separation of whole-blood components).

Donation may be of whole blood, or of specific components directly (the latter called apheresis). Blood banks often participate in the collection process as well as the procedures that follow it. But People are scare for donating blood or say not aware about blood donation. So NSS unit of SIES College (Nerul) organised the street play and poster making competition to provide awareness about Blood Donation.

The 8 volunteers participate in street play competition and aware people about the blood donation. "SAVE LIFE DONATE BLOOD" such slogans were used and they make them know that the blood can be regenerated. Our volunteers also learn some more information about it.

A Report on Plastic Donation Drive on December 29, 2018.

Plastic Is Becoming the most danger problem for world. For more than 50 years, global production and consumption of plastics have continued to rise. An estimated 299 million tons of plastics were produced in 2013, representing a 4 percent increase over 2012, and confirming and upward trend over the past years. In 2008, our global plastic consumption worldwide has been estimated at 260 million tons and, according to a 2012 report by Global Industry Analysts, plastic consumption is to reach 297.5 million tons by the end of 2015.

So on December 29, 2018 NSS unit of K.C. College of Engineering has donated the plastic bottles, cans, plastic bags and some other plastic items which can be disposed. The main motto was to increase awareness among the students and make them realise the problem they are going to face.

Total Number of volunteers present for this donation drive were 20 and staffs.

NSS volunteer and Staffs of K.C. College also Pledge on SayNoToPlastic. The Pledge was as follows

I #SayNoToPlastic

I commit to take ownership of the choices

I make that affect our global environment.

I pledge to stop using single-use plastics

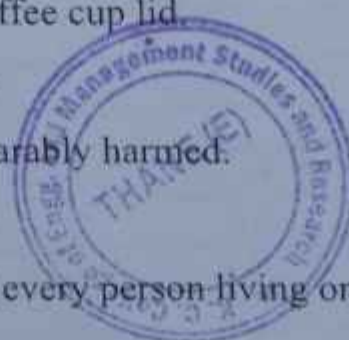

like drinking straws, bottles, grocery bags, and coffee cup lid.

I will choose to reuse and recycle and ensure that

Earth's oceans and natural resources are not irreparably harmed.

I call on others to join me in this pledge to

change my behaviour and protect our planet and every person living on Earth.

A Report on Beach Cleanup

Clean beaches are essential to healthy coastal habitats and the well being of people who visit them. So, NSS Unit of K.C. College of Engineering Management Studies and Research participated in a beach clean up event at Prabhadevi beach, on 29/8/2019. The event commenced at 9.30 am with instructions given to the volunteers. Active NSS Volunteers went in for cleaning a portion of Prabhadevi beach, ridding it from all the garbage that had washed up on the shore. The experiences at these clean-ups have a significant impact on the volunteers allowing them to open their eyes to a new perspective. This led to a successful and rewarding cleanup.

Report of "Road Safety Session" on 20th Jan 2023

A highly informative seminar on Road Safety Session was conducted at KC College of Engineering and Management Studies in Thane, under the guidance of Professor Pratap Nair. The event aimed to educate and create awareness among the students about the importance of road safety and the rules and regulations that govern traffic. The seminar was graced by the presence of several esteemed guest speakers, including officers from various Traffic Police Departments.

The guest officers shed light on the traffic rules and regulations that every individual must abide by. They covered essential topics such as wearing seatbelts, avoiding mobile phone usage while driving, and maintaining appropriate speeds. The officers stressed the importance of defensive driving techniques, including maintaining a safe distance, using indicators, and adhering to traffic signals.

The seminar on Road Safety Session at KC College of Engineering and Management Studies was a resounding success. The presence of esteemed guest speakers from Traffic Police Departments added immense value to the event. The session not only educated the attendees about the rules and regulations of traffic but also instilled a sense of responsibility and awareness among the youth. It is hoped that the knowledge gained from this seminar will contribute to a safer and more responsible generation of drivers on the roads. The college extends its heartfelt gratitude to all the guest speakers and Professor Pratap Nair for organizing such an insightful and impactful seminar on road safety.

Report on “Addictions of Youth On Drugs” (Skit)

“National Youth Day”, also known as “Swami Vivekananda Jayanti”, is celebrated on 12th of January, being the birthday of Swami Vivekananda”. In 1984, the Government of India declared this day as a National Youth Day and since 1985 the event is celebrated in India every year. The role of youth in nation-building or development is very important, and this is because the development of any nation lies in the future generation.

Swami Vivekananda once said, “My Faith is in the Younger generation, the modern generation and out of them will come to my workers.” This quote describes the impact the youth can have on society.

On the behalf of “Youth Week” on 13th of January 2023 the NSS unit of K.C. College of Engineering and Management Studies and Research conducted a skit on spreading the awareness among youths about addiction of drugs . The event was started with the NSS clap and all the participated volunteers of NSS showcased a Skit on youth addiction to drugs. The event were conducted at college near Quadrangle at around 2pm with the presence of Principal sir Dr. Vilas Nitnaware & programme officer Pratap Nair & Vice Principal Dr. Arundhati Chakravarthy.

The event concluded with the National Anthem and lots of appreciation. Principal Sir and Pratap Sir expressed their views and appreciated all the volunteers about their contribution towards youth and overall performance of skit.

“ Addiction is easy, getting it off is tough! ”

A Report on Beach Cleanup held on 18th February 2023.

Clean beaches are essential to healthy coastal habitats and the well being of people who visit them. So, NSS Unit of K.C. College of Engineering Management Studies and Research participated in a beach clean up event at Prabhadevi beach, on Saturday, February 18th 2023. The event commenced at 9.30 am with instructions given to the volunteers. Around 31 active NSS Volunteers went in for cleaning a portion of Prabhadevi beach, ridding it from all the garbage that had washed up on the shore. The experiences at these clean-ups have a significant impact on the volunteers allowing them to open their eyes to a new perspective. This led to a successful and rewarding cleanup.

**A Report on Cloth Collection and Segregation Program conducted from
14th December to 19th December 2022.**

The NSS Cloth Collection and Segregation Program is a program initiated by the National Service Scheme (NSS) in colleges across India. The KC - NSS unit took up the responsibility of organizing the Cloth Collection and Segregation Drive from 14th December to 19th December 2022 in the college premise. The program is intended to be implemented in partnership with some NGO's to ensure that the donated clothes are distributed to those who need them the most and may not have been able to afford them otherwise.

The aim of the program was to collect old and used clothes from the college students and teachers and people in the neighbourhood and to segregate them into different categories so that they can be donated to the needy. Around 400- 500 pieces of clothing were collected and were sorted and categorized according to age, genders, sizes and occasions. There have been piles of clothes including sarees, kurtis, dress sets, office wears, shirts, trousers, etc. Quality of these clothes was checked everytime if any items were unstitched or stained, then such clothes were (sent for recycling/ repurposed) ensuring that only good conditioned clothes are stored. The program received an overwhelming response from the community, with many donating clothes for the cause.

Overall, the NSS Cloth Collection Program was a great success. All the NSS volunteers were instrumental in the process. This initiative by the NSS helped us to raise awareness about the plight of the poor and underprivileged amongst the society we belong to.

**"It's better to Donate than Accumulate. Because all we need is to build human relations
with our deeds. That's the only thing which lasts forever."**

KC NSS (2022 – 2023)

Report on "Non-Violence Day Pledge" on 7th October 2022

2nd October is celebrated as Mahatma Gandhi Jayanti, leader of Indian independence movement and pioneer of the philosophy and strategy of non-violence it is also celebrated as International Non-Violence Day. NSS unit of K.C. College of Engineering and Management Studies and Research celebrated "International Non-Violence Day on 7th October 2022 at college Quadrangle.

The program started in the presence of Nss Program Officer Prof. Pratap Nair and then all the students with NSS Leader Prathmesh Pandey took the pledge. The principle of non-violence also known as non-violent resistance rejects the use of physical violence in order to achieve social or political change, often described as "the politics of ordinary people". This form of social struggle has been adopted by mass populations all over the world in campaigns for social justice.

The objective of the pledge was to disseminate the message of non-violence through education and public awareness and reaffirm the desire for a culture of peace, tolerance, understanding and non-violence.

NON-VIOLENCE IS A STRONG WEAPON.

A Report on Cloth Donation Held on 14th February 2023

The NSS unit of K.C. College of Engineering and Management Studies and Research organised a cloth donation drive in collaboration with Khushiyaan Foundation from 14th December to 19th December, 2022 to help people who are in dire need of clothes. Around 50 volunteers participated in the event.

The drive was held in college premises and the timing was from 11.00 am to 2.00 pm. All the interested people reported in the seminar hall to donate their clothes. The volunteers were divided into groups and were given tasks like segregating the clothes, folding them, putting them in different boxes, etc. The donated clothes were segregated in different categories according to age, gender and type of clothes. On 14th February, 2023 all the donated clothes were handed over to Khushiyaan Foundation who later on distributed it to the people in need.

Due to the efforts taken by NSS Volunteers, the poor received not only clothes but also smiles on their faces and we received a sense of fulfilment in our hearts. All the students who contributed to this wonderful cause of cloth donation learned the ideology of always giving and sharing and taking care of people as much as they can. The drive turned out to be a huge success.

Report Of Orientation And Induction

The NSS Induction and Orientation program for the new tenure of volunteers was successfully conducted at KC College of Engineering, Thane, under the guidance of our Program Officer, Prof. Pratap Nair, and the previous NSS leaders. The program began with an interview process to select the new volunteers, wherein candidates were assessed for their commitment, dedication, and willingness to serve the community through NSS activities. The interview process was conducted meticulously, ensuring that the best candidates were chosen to carry forward the mission of NSS.

Once the selection process was completed, the newly selected volunteers were inducted and oriented through various NSS activities that were undertaken during the previous tenure. These activities showcased the importance of community service, teamwork, and leadership. During the program, Prof. Pratap Nair, our esteemed Program Officer, delivered an energetic speech about NSS and highlighted the remarkable activities undertaken by NSS in the past. He emphasized the significance of NSS in serving the community and creating a positive social impact. Prof. Nair's speech encouraged the new volunteers to embrace the values of selflessness, empathy, and responsibility as they embarked on their journey with NSS. His words of wisdom provided a strong foundation for the volunteers, instilling in them a sense of purpose and enthusiasm to make a difference in the lives of others.

Overall, the NSS Induction and Orientation program held at KC College of Engineering, Thane, was a resounding success. The new tenure of volunteers was carefully selected through an interview process and were subsequently introduced to the activities and achievements of the previous tenure. Under the guidance of Prof. Pratap Nair and the experienced NSS leaders, the new volunteers were motivated and inspired to actively engage in community service and contribute to the betterment of society throughout their tenure.
