POLICY DOCUMENT FOR ENVIRONMENT AND ENERGY USAGE Date :

The institute's Green Campus Policy envisions a clean and green campus that integrates environmental-friendly practices and training to foster sustainable and eco-friendly practices both within the institute and beyond. To encourage environmentally friendly activities Rotaract Club, NSS, YRC, and Green Club are in the campus. Ms Rashmi Joshi, an environmental consultant, has signed MOU with the institute, which provides the institution with the opportunity to lead the way in redefining its environmental culture by fostering environmental principles among the students and staff.

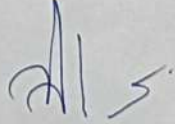

Initiatives taken to implement the Clean and Green Campus Policy

- Solar panels are installed as an alternative source of energy.
- The Green, Environmental, and Energy Audit is conducted.
- Tree plantations and donation drives are conducted.
- To provide staff and students with training on energy-saving measures
- Observance of Days to protect and nurture the environment
- To restrict the use of petrol and diesel vehicles, No Vehicle Day celebration
- Use of LED bulbs and tubes to save energy
- No iron day celebration to reduce carbon emissions
- Solid Waste Management for Bio-Degradable Waste (compost pit and dry waste collection drives) and Non-Biodegradable Waste (E-waste collection drives)
- Hands-on workshops for students as eco-brick preparation and seed ball preparation

The institute understands its duty to preserve the environment. The institute is taking steps to preserve the environment by implementing the necessary infrastructure and promoting environmental awareness.
