Report on Tree Seed Balls Preparation workshop

The Eco-Club of K.C.College of Engineering, Management studies and Research has arranged “**Seed Balls Preparation Workshop**” on 10th August 2022.

The first event of academic year 2022-23 has started with the warm welcome of Chief Guest, faculty members and students. Chief Guest Ms.Rashmi Joshi has given a short introduction about the workshop which was an introductory event of KC Eco-club for the A.Y.2022-2023.

Chief Guest Ms.Rashmi Joshi had brought all the things like seeds, mud, and paper plates which were utilized in seed balls making. She had explained the steps which were involved in the seed balls preparation,

1. First the mud should be mixed with water to keep it ready.
2. Second small part of the mud should be taken.
3. Thirdly, the seed of Jamuns, Chicoo, Dates and muskmelon seeds should be kept in a small part of mud.
4. Finally, a ball-like shape should be given to the mud along with seed.

Rashmi Joshi the Environmental consultant was explaining the precautions which should be taken to preserve the seed balls shapes, like seeds should not be seen outside the mud, nearly one week the balls should be left in open air. Finally, after 15 days all the seed balls should be kept in the airtight plastic bags. Three hundred seed balls had been prepared in this workshop. Nearly fifty students of second and final year engineering had participated in this workshop.
